### Job description

We are seeking a passionate DT Teacher in Shrewsbury, who can inspire students and nurture their creativity. The successful candidate will have a strong understanding of the national curriculum for Design and Technology. They will be skilled in delivering engaging practical lessons, fostering innovation, and encouraging students to develop their problem-solving and design skills. This role will start in January and is a long term position.

### Key Responsibilities:

Plan and deliver exciting DT lessons, with a focus on Resistant Materials, to students in KS3 and KS4.

Facilitate hands-on practical activities and projects that encourage students' creativity and develop their design thinking.

Provide guidance and support to students throughout the design and production process, ensuring a safe and inclusive learning environment.

Assess students' practical skills, evaluate their design portfolios, and provide constructive feedback for improvement.

Collaborate with colleagues to organize workshops, exhibitions, and other events that showcase students' DT projects.

Stay updated with current industry trends and technological advancements in Resistant Materials.

## Requirements:

Qualified Teacher Status (QTS) or relevant teaching qualification.

Specialization in Design and Technology or Resistant Materials.

Experience teaching DT with a focus on Resistant Materials at KS3 and KS4 levels.

Strong knowledge of the national curriculum and assessment frameworks for DT.

Proficiency in using relevant software, tools, and machinery.

Excellent communication and organizational skills.

A passion for fostering creativity and promoting innovation in students.

If you are a creative and dedicated DT Teacher around Shrewsbury, we want to hear from you. Join our school community and inspire our students to explore their design potential.
