Category: architecture-and-engineering

NSB Recruitment has an exciting opportunity for an EIA Consultant to join a rapidly growing Environmental Management and Assessment Team!

Are you ready to take your career to new heights? My client's Environmental Management and Assessment Team is expanding, and hence on the lookout for passionate individuals at Consultant/ Principal & Senior levels to join their team across multiple locations in the UK (Exeter to London, Luton to Birmingham, Wakefield to Manchester, this is your chance to be part of a dynamic team making a real difference).

As a key member of the team, you'll have the opportunity to work on exciting projects spanning various sectors. From coordinating Environmental Impact Assessments to preparing Environmental Statements and Risk Assessments, you'll play a crucial role in delivering objective-led solutions that drive our business forward.

### Responsibilities & Tasks

- \* Lead the coordination of Environmental Impact Assessments, ensuring high standards of safety, quality, and environmental responsibility.
- \* Prepare Environmental Statements, Management Plans, and Risk Assessments, demonstrating your expertise in environmental science and legislation.
- \* Collaborate with internal teams and partner companies to deliver exceptional outcomes for our clients.
- \* Drive business development initiatives, advocating for our services and contributing to bid preparation.
- \* Foster strong relationships with clients and third parties, enhancing our reputation and

securing new opportunities.

\* Champion our company's capabilities internally and externally, promoting my client's services to current and prospective clients.

#### Ideal Candidate Profile

- \* Hold a degree in Environmental Science or related field.
- \* Membership of relevant professional bodies such as IEMA, with Chartered Environmentalist or Chartered Scientist status preferred.
- \* Proven experience in coordinating Environmental Impact Assessments across different sectors.
- \* Sound knowledge of the UK planning system and consents processes, with practical experience in assembling Environmental Statements.
- \* Strong analytical, communication, and leadership skills, with the ability to work collaboratively in multidisciplinary teams.
- \* Commercial acumen and a track record of success in environmental consultancy procurement.

#### Rewards & Benefits

In return for your hard work and dedication, my client offers a highly competitive salary and a comprehensive benefits package. This is an exceptional opportunity to join a forward-thinking organization with ambitious growth plans. You'll receive extensive training, ample opportunities for career advancement, and the chance to shape the future of the business.
