Company: Automation Experts Ltd

Location: Southampton

Category: other-general

Urgently required - a dynamic and innovative Electrical Design Engineer to join a leading specialist machinery OEM based in Hampshire. This is an exciting opportunity to be part of a company that is making waves in a wide array of industries, designing high-technology systems, and providing innovative solutions for their clients. With rapid career progression available, this role promises a dynamic and rewarding journey for those ready to take on new challenges and shape the future of this business.

Electrical Design Engineer Develop into Design Manager £25-50k + 6% Pension, Bonus, Early Friday Finish Hampshire Ref: 23574

Electrical Design Engineer - The Role: Take full responsibility for all aspects of engineering conception and delivery within projects Engage with a diverse range of applications including power conversion systems, industrial automation, thermal management systems, materials science, electronic control systems, industrial software & mechanical machinery Be involved in site work, with a typical split of 90% office-based tasks and 10% on-site duties

Electrical Design Engineer - The Person: Experience of electrical system engineering, specifically with transformers, switches, converters Proven experience of control panel design incorporating automation control systems such as PLC/HMI/SCADA Knowledge of electrical distribution in machinery Experience with an electrical CAD package, preferably Eplan P8 An interest in or experience with PLC software design and machinery safety 50-60% of projects involve machinery with integrated PLC software, therefore additional PLC software design experience would be excellent OR the interest to learn. This client is ideally looking to bring this skill in-house. They are also very keen to see Engineers with machinery safety background. This is an ideal time to join an established business who are heading into a new

phase of growth and looking to the future. The hope is the Electrical Design Engineer will – over the next five years – grow into leading the department. They operate an open-door policy and are keen to support the continued personal and professional development of all employees. Located in Hampshire, this role would be commutable from Eastleigh, Poole, Southampton, Bournemouth, Winchester and Salisbury. For further information call Sarah Clarke Available on: 01902212000 or 07519122547 Or email: sarah.clarke@automationexperts.co.uk
