### Electrical Maintenance Engineer

Central London

£42,000 - £45,000

Are you an Electrical Maintenance Engineer that is looking to join one of the country's leading service providers on a prestigious single site commercial contract in Central London?

Are you looking for a company that can offer not just a job, but a variety of progression levels with real career development?

I am currently recruiting for an Electrical Maintenance Engineer opportunity, where you will be given the opportunity to join a well established and award winning building services company. Here you will provide PPM and reactive maintenance to a fantastic Trophy Asset in Central London, whilst working with a team of experienced engineers.

#### Benefits:

The chance to join an award winning company that provides the support and training required to help their engineers excel in their roles.

The opportunity for career progression, with many layers of leadership within the organisation.

Working on an immaculate Trophy Building in Central London with a best in class M&E service provision and a number of prestigious tenants.

Duties

PPM (Planned preventative maintenance) & Reactive maintenance

Emergency Lighting

Electrical Fault-Finding

Single & Three Phase Power

Fire Alarms

AHUs/ FCUs

Generators

BMS Operation

UPS Systems

Motors

Requirements

Recognised Electrical qualifications (Level 3 or equivalent as a minimum)

Building Services Maintenance experience

Very Client facing

Career driven and motivated

Polite and personable

Salary and Benefits

Monday to Friday, 8-5 working week

£42,000 - £45,000 per annum

25 days holiday

Pension package

Overtime readily available

Parking available on site

Training

Great opportunity to progress internally

To be part of a widely reputable and recognised building services provider on one of their renowned contracts, please apply now with your updated CV and contact details!
