

Electrical Project Engineer

[Apply Now](#)

Company: Carrington West

Location: United Kingdom

Category: architecture-and-engineering

Are you a Electrical Project Engineer with experience working on Aviation?

Have you worked as Senior project engineer on high value projects?

Location: Manchester

Salary: £50,000 - £60,000 + Car or Car Allowance

Job Role: We are currently seeking an Electrically biased Senior Project Engineer to join a leading M&E Contractor working on Manchester Airport. The project is the refurbishment of Terminal 2 at Manchester Airport and a new departure pier and will be ongoing for the next 2 years.

As part of the role you will be responsible for the preconstruction checks, reviewing of drawings and ensuring all activities comply with regulations.

There is an immediate start available for the right candidate.

Key Responsibilities:

- Actively participate in all pre-construction procedures to minimize company liabilities and risks.
- Reviewing of project drawings and re-engineering installations to meet customer requirements where required.
- Ensure all operational activities comply with internal procedures and external legislation.
- Stakeholder management of both client and subcontractors.

·Ability to lead to a team.

·Manage project completion within agreed quality, commercial plans, timescales, and cost constraints.

Requirements:

·Significant experience in large M&E/Building services projects preferably Aviation, Healthcare, Data Centers or Defence.

·Electrically biased background .

·Previous Experience of leading project teams.

·Security Clearance or ability to obtain one.

Benefits:

·Car allowance or Company car

·Pension scheme with up to 8% employer contribution.

·Private healthcare provided

·Flexible benefits such as dental insurance, gym memberships, travel insurance.
