Electrical Project Manager - Ipswich - Commercial projects - Permanent

A leading Mechanical and Electrical Contractor based in Ipswich, Suffolk are recruiting for an Electrical Project Manager. The position will be based from their office in Ipswich servicing clients and working on projects in East Anglia.

You will be managing projects with a M&E value between £100k - £10million working on new build and refurbishment schemes including offices, schools, healthcare, heritage, industrial and high-end residential.

As the Electrical Project Manager, you will be required to manage the materials, subcontractor, installation, procurement and drawing programme to accord with installation and specification requirements. Throughout the installation its essential you manage labour and subcontractors ensuring compliance with specification and contract documentation.

Successful applicants will have the following qualifications and experience:

- Track record of delivering successful projects in an electrical subcontracting environment.
- Be driven and focussed individual.
- Effective planning and project management skills.
- Experience of working on large new build and refurbishment projects.
- Working for a Building Services Contractor at a similar level.

- Overall knowledge and understanding of a wide variety of Electrical systems and their installation methods.
- The ability to plan ahead, co-ordinate and prioritise workloads.
- Time Served Apprentice or relevant Electrical qualifications.
- Hold a SMSTS.

Please contact Adam Brown on (phone number removed) or (phone number removed) or (url removed) for more information about this role or if you are interested in a new electrical management opportunity within the Building Services sector (Electrical Site Manager, Electrical Project Engineer, Electrical Project Manager, Electrical Contract Manager)
