Company: Rise Technical

Location: United Kingdom

Category: other-general

Electro-Mechanical Field Service Engineer

£38,000 - £42,000 + Full Technical Training + Door to Door Overtime + Van + 34 Days Holiday + 10% Private Pension + Scope of Career Progression + Private Healthcare

Home-based, Commutable from Bedford, Cambridge, Peterborough and surrounding areas

Are you a Field Service Engineer from an Electro-Mechanical background looking to be technically challenged whilst being heavily invested in whilst covering a local area with rare stays away, being paid door to door overtime to boost your earnings and the scope to progress your career?

This is an excellent opportunity to join a close-knit team whilst being heavily invested in and become an integral part of their technical expert team, they pay excellent overtime rates combined with uncapped door to door pay with little to rare stays away.

This company have been established for over 30 years and turnover close to £15,000,000, they have a small close-knit team of 10 service engineers, they have a low staff turnover and are known to look after their staff with further technical training and career progression.

This role will suit an Electro-Mechanical Engineer who is looking for a field role with technical training and uncapped overtime

The Role:

- *Home based covering Bedford, Cambridge, Peterborough and surrounding areas
- *Repair, Service, Installation and Commissioning of High end Industrial bespoke machinery
- *Further technical training via external courses and in-house shadowing

The Person:

- *Previous technical background within Electro-Mechanical Engineering
- *Background in either a service or maintenance engineers role
