Are you an Electronics Production Technician looking for an exciting role in the Offshore Technologies industry? If you have an eye for detail and excellent problem-solving skills, this might be the perfect role for you.

We are searching for an Electronics Production Technician for a company based in Norfolk. The ideal candidate will have a strong technical background, and be comfortable working in a fast-paced environment.

The successful candidate will be responsible for the assembly, testing and troubleshooting of electronic components and systems. You will be required to follow precise instructions and adhere to all safety protocols. Attention to detail and accuracy are essential for this role.

The successful candidate will possess the following skills and experience:

- A degree in electronics or experience in a similar role

- Knowledge of electronic assembly and testing

- Excellent problem-solving skills and the ability to troubleshoot technical issues

- The ability to read and comprehend schematics and technical data

- A good understanding of safety protocols

Knowledge of various soldering techniques

In addition, the successful candidate will be a team player, have excellent communication skills, and be able to work independently.

This is an exciting opportunity to join a leading company in the Offshore Technologies industry. You will be part of a vibrant and passionate team, and be able to develop your technical skills and knowledge.

If you believe you have the skills and experience required to excel in this role, we would love to hear from you.

If you are interested in the role, please submit your CV or contact Lewis Woollard direct on 01603 415 100.

We look forward to hearing from you.
