

## Electronics R&D Technician

[Apply Now](#)

Company: Elev8 Recruitment Ltd

Location: Woolpit

Category: computer-and-mathematical

Elevate your career as an Electronics R&D Technician with a dynamic Engineering business located in Woolpit. This role promises to be a stimulating challenge for a skilled individual eager to contribute to groundbreaking projects within a forward-thinking company.

Embark on a journey where your expertise will be pivotal in the development of innovative electronic products. The company values the contribution of its staff and offers a supportive environment where creativity and technical prowess are nurtured. Enjoy a competitive salary, comprehensive benefits package, and the chance to work with cutting-edge technology in a state-of-the-art facility.

The ideal candidate will possess a robust foundation in electronics, with a proven track record of success in research and development environments. A keen eye for detail and a passion for problem-solving are essential, as the role involves designing, prototyping, and testing new electronic components and systems.

### Key Responsibilities:

- Collaborate with engineers to design and develop electronic circuits and systems.
- Construct and evaluate prototypes, providing insightful feedback to enhance performance.
- Conduct experiments and analyse data to support the progression of R&D projects.
- Troubleshoot and resolve complex technical issues, ensuring reliability and efficiency.
- Maintain accurate records of design iterations, test results, and project progress.

### Essential Skills & Experience:

- A degree in Electronics or a related field, or equivalent practical experience.
- Proficiency in the use of electronic test equipment and tools.
- Strong analytical skills with a methodical approach to problem-solving.
- Experience with CAD software for electronic circuit design.
- Excellent communication and teamwork abilities, with a flair for innovation.

This role is not just another job; it is a chance to make a significant impact in a company that is shaping the future of technology. If you have the skills and the drive to excel in this role, submit your application and join a team where your contributions will be celebrated and your professional growth guaranteed.
