Zur Verstärkung unseres Teams am Standort wir:

Employee for Service Engineer (m/f/d)

Job Description:

We have an opportunity in Swansea, for a multi-skilled service technician to work for an established high-tech manufacturer. The role is to strengthen our service team and provide support to our equipment based mainly in Swansea and other sites. The role would start early in 2023.

Your tasks:

You work closely with the service team and customer to provide corrective and preventative maintenance

You will have skills in electrical, electronics, computers and pneumatics to enable analysis and resolution of faults with the equipment

You are able to work under pressure and on your own initiative

You deliver a high availability to the entire system to maintain the value and maximize the design life of the system

Your profile:

Completed formal training in either electrical/electronics/mechatronics

At least 5 years relevant work experience

Good standard of PC knowledge

Possession of a current driving licence

Equipment training will be provided

The ability to pass UK basic DBS check

We offer:

Attractive additional financial benefits such as holiday pay and health bonus

Allowance for company pension scheme and income protection

Individual advancement through the Mühlbauer Academy with internal and external training measures

Employee events (e.g. Christmas party, folk festival visit and barbecue)

International working environment - opportunities for temporary assignments abroad

You can find many more benefits on our homepage
