Company: Calibre Search

Location: United Kingdom

Category: other-general

Description

Based in London Bridge, this Energy Consultant/SAP Assessor post is for you if you have been dealing with residential SAP assessments and keen to develop into working on a wider range of schemes in the non-domestic field.

You'll be joining an outstanding team in the London office that works on a range of projects with a focus on carbon reduction, net-zero or different levels of certification according to Breeam, LEED or WELL standards. An international design consultancy, they operate in the property, education, healthcare and many more markets.

As a Energy Consultant/SAP Assessor within the group using your putting your knowledge of high-rise residential works to good effect and have ample scope to develop and move in to larger/more complex buildings.

For your application to be successful you will need to be a fully qualified OCDEA using Elmhurst Design SAP and adept at dealing with GLA planning requirements as well as familiar with reviewing photographs for BREL sign-off.

If you are able to use IES-VE fo non-residential works and have experience of using Trisco or another thermal bridging software that will be a massive advantage and help ensure that your package is at the top end of the scale.

In return for your skills you'll be able to expect a salary up to c. £ depending on your experience as an Energy Consultant / SAP Assessor in London, plus a rounded package with enhanced pension, 26 days holiday that increases with service, private medical, season ticket loan (useful when you are based at London Bridge!), hybrid working (3 days in, 2 days out) and a wealth of tax friendly benefits.

Calibre Search promote equality in the workplace and we welcome applications from all suitably skilled or qualified candidates regardless of their sex, race, disability, religion/beliefs, sexual orientation or age. We act as both an employment agency and employment business.
