The Opportunity I am working with a top 100 national law firm on several energy/projects roles at different seniority levels (Associate/Senior Associate/Legal Director). They currently have 12 lawyers in the team, including 3 market-leading Legal 500 ranked Partners. The Role The Energy team has exceptional experience in the energy market and advises high-profile private sector clients, and many UK wide public sector organisations, on a range of energy and infrastructure projects across different energy sources and technologies, including: Energy from Waste projects and Waste/Resource Management District Heating projects Solar PV and Battery Storage projects City Wide Decarbonisation projects Electric Vehicle Projects Hydrogen projects Carbon Capture Usage and Storage projects Smart energy projects The Ideal Candidate The Energy teams consists of lawyers that have transferred into the energy sector from a diverse set of skills and experience. They will therefore consider candidates from a range of backgrounds and experience including, a lawyer with projects, construction, commercial, FM, investor or finance expertise without direct experience of the energy sector. One of the key attributes that they look for in applicants is a passion to learn, enthusiasm and the desire to excel as a lawyer in the energy sector. They are also looking for a team player that enjoys delivering projects as part of a team and is keen to share knowledge, skills and experience for the benefit of the wider team.
