

Engineering Manager

[Apply Now](#)

Company: RSK Group

Location: United Kingdom

Category: other-general

Binnies an RSK Group company is looking for Senior and Principal Engineers to work within our Consultancy team on water projects. We are seeking applicants with a range of experience from recently Incorporated/Chartered up to Principal level.

As a Senior or Principal Engineer, you will have the opportunity to use your experience of multi-disciplinary projects from concept, through outline and detailed design and construction, to lead teams in the delivery of consultancy projects. You will have the opportunity to be a part of the Water Utilities team working primarily in the West of England and Wales region.

Binnies treats each professional as an individual and will provide all relevant training, development and support so that you may further your engineering career. We are a diverse and energetic team and you will play a key role in contributing to our team's continuing growth and success.

About the Role

Typically, you will lead civil engineering and/or multi-disciplinary teams and support and mentor more junior engineers to achieve the following:

- create feasibility studies, outline and detailed designs for a variety of multi-disciplinary water utilities projects,

- produce calculations and reports to support those designs,

work directly with clients to understand their needs and develop solutions to their problems,

produce business cases and proposals to enable our clients to fund their projects,

work with our construction partners to improve safety of designs and understand and improve the construction process,

ensure our designs take account of buildability, sustainability, H&S and environmental requirements.

About You

Chartered or Incorporated Engineer with a relevant institution.

Previous experience in the water sector is not essential, we would look for technical skills transferrable to an engineering manager role in the water sector.

Desire to support and mentor more junior engineers towards achieving Chartered or Incorporated Engineer status.

Excellent written and verbal communications skills.

Self-motivated and effective team player.

A drive to deliver sustainable solutions in the water and environment industries.

Benefits working for Binnies

Competitive Salary.

Flexible working, including, if desired, a mixture of office and remote working, nine-day fortnights or other full time or part time working arrangements.

Pension.

Private Medical Healthcare.

Life Assurance.

Season Ticket Loan.

Group Income Protection.
