

Engineering Operator

[Apply Now](#)

Company: E3 Recruitment

Location: Leeds

Category: architecture-and-engineering

12:30PM Finish on Fridays, 33 days annual leave and free parking are just a couple of benefits the Engineering Operator will enjoy whilst working with this globally operating manufacturing business.

Operating in a number of industries, this company employs over 1000 people across the world, 500 of which are based in the UK. Because of organic growth, they are looking for a Engineering Operator to permanently join their business.

Based in LEEDS, just a few miles from the M621, the Engineering Operator can easily accessible from Bradford, Wakefield, Dewsbury, Huddersfield, Halifax, Wetherby, York and Harrogate.

Key responsibilities of the Engineering Operator will include:

Working as part of a manufacturing team, responsible for producing mechanical seals for their versatile customer base

Setting and operating a variety of CNC and manual equipment, including Cutting Tables, Spiral Wound Gasket, Lathes, Welding Sets and Millers

Ensuring that all products & components adhere to customer specification and requirements

Maintaining cleanliness & tidiness across all areas of your working section and surrounding walkways

Working Hours of the Machine Operator:

37 Hours per week, spread across a day shift pattern

Monday to Thursday: 07:30 to 16:00

Friday: 07:30 to 12:30

In return the Engineering Operator will receive:

Annual Salary: £23,492.04 (£12.21 per hour)

Holiday Entitlement: 33 Days (25 + statutory holidays)

Auto-enrolment to company pension after initial probation

Optional Simply Healthcare plans

24/7 Employee Assistance Programme for employees & immediate family

Stable employment that will offer long-term career opportunities

To apply for the Engineering Operator position, please click [Apply Now](#) and attach a copy of your CV. Alternatively, please contact Sam Procter at E3 Recruitment for more information
