## Environmental Advisor

[Apply Now](#)

Company: Balfour Beatty

Location: United Kingdom

Category: business-and-financial-operations

### About the role

We are looking for an Environmental Advisor to provide support and advice to operational teams on all aspects of environmental management, developing environmental documentation, meeting legal and company standards and helping deliver a culture of continual improvement. Understand and work with Clients and Regulators to ensure their environmental requirements are complied with. Support on site mitigation, sustainability of works and engagement with local stakeholders and members of the public.

### What you'll be doing

Provide advice and support to operational teams on environmental matters

Maintain relationships with regulators, clients and subcontractors

Maintain relationships with local stakeholders

Investigate and report incidents to the Environment and Sustainability Manager

Ensure on site compliance with environmental legislation and coach teams in applying controls and mitigations.

Support Sustainability activities for the project

Deliver value adding environment projects and support ecological enhancements

Liaise with client, regulatory bodies and subcontractors on matters of environmental management and sustainability.

Produce and update environmental management plans and environmental risk assessments

Provide on-site advice to operations and design teams on environmental management, compliance and project specific mitigation measures including pollution control and ecology protection

Investigate environmental incidents and support the business to implement controls to prevent repeat occurrence

Ensure implementation of the project environmental management systems on project sites

Be aware of any changes to standards and legislation and where applicable recommend changes to systems and processes

Deliver environmental training, toolbox talks and undertake onsite coaching

Produce internal and external reports as required, e.g. case studies, environmental performance.

Support and conduct audit and assurance activities including facilitating external audits by clients and certification bodies

Assist in the development and production of key performance indicators and management reports

### **Who we're looking for**

Strong knowledge of environment management and sustainability issues

Educated to degree level in Environmental Science, Environmental Management

Practical experience and knowledge of environmental legislation, ecology mitigation, environmental licences and consent applications and regulators

Understanding of ecological matters and environmental law

Full UK drivers licence and flexibility to travel

Understanding of the Construction operating environment

Literate in MS Office Word, Excel, Outlook

Good interpersonal skills

Internal environmental auditor qualification

Masters degree in relevant field

PIEMA or IEMA Membership

### Why work for us

To help and support us with our desired commitment to create an inclusive culture we are members of WISE, enei, Business Disability Forum and Women into Construction. In 2020, we signed the Audeliss and Involve Open Letter to demonstrate our commitment to taking key long term and sustainable actions on Black Inclusion. Balfour Beatty is also a Gold Award holder in the Ministry of Defence 'Employer Recognition Scheme' and actively encourage applications from Armed Forces personnel, veterans and reservists.

As a Disability Confident Employer, we are committed to working with people who have disabilities and long-term health conditions to remove barriers for them in obtaining employment. We are also committed to offering applicants with a disability an interview if they meet the minimum requirements for the role.
