Environmental & Industrial Risk Advisor

[Apply Now](#)

Company: SUEZ

Location: United Kingdom

Category: business-and-financial-operations

Are you a qualified Environmental Risk Advisor, with current up to date knowledge of all industry ISO standards?

When you join SUEZ, you get more than a brand-new role. Your work will help us deliver innovative and environmentally responsible solutions for water and waste management. You will get a chance to help us preserve and restore our planet's natural capital for future generations. It's a career that's not only exciting, but full of opportunities as well as professional and personal fulfilment.

About the Role

£35,007 per year + Car / Car Allowance + Bonus + Benefits

Can be based anywhere in the South East, but must possess a valid UK Driving Licence.

Offered on a 12 Month Fixed Term Contract to cover maternity leave.

What will I be doing as an EIR Advisor?

Core elements of the role will be to:

Assist in the management and update of the Group IRM (Insurance Risk Management) platform for the UK, including remote support to other EIR team members

Work with operational teams in the management of defects as identified and to track that defects are rectified appropriately.

Produce management plans (Fire Prevention Plan – FPP, Odour Management Plan - OMP,

Site Management Plan - SMP and Monitoring Management Plan - MMP) which accurately reflect regulatory requirements.

Providing data to line management in order to facilitate the production of monthly reports.

What are the requirements/qualifications?

It is essential for you to have experience of writing, reviewing and maintaining Management Systems, with a current up to date knowledge of activities within the industry, to ensure sustained accreditation to ISO 9000, 14000 and 18000 standards, so that Environment permits can be undertaken to 'best available techniques' (BAT).

Additional requirements include:

A Degree or equivalent in Environmental Sciences.

A Professional membership of relevant bodies in order to keep up to date with the latest standards.

A detailed understanding of project management approaches. The work requires good project management skills to ensure the correct information is provided within the statutory timescales.

Knowledge of legal reporting requirements for example waste return, energy efficiency, permit requirements

Who we are

We thank our people for all they do with development opportunities, wide-ranging benefits and rewards that reflect their hard work. In a friendly, supportive environment, you'll be inspired to grow and play your part in creating a better future for all.
