

## Environmental Sustainability Manager

[Apply Now](#)

Company: Balfour Beatty

Location: Dartford

Category: other-general

### About the role

Balfour Beatty has an exciting opportunity for an **Environment & Sustainability Manager** to join our **Highways** team on the **Lower Thames Crossing** project in **Dartford** .

If you have or are looking for a career in Highways or Major Projects, working on the Lower Thames Crossing will give you experience and challenge that no other highways project can offer.

The successful candidate will provide E&S support to the Lower Thames Crossing enabling works and likely to the main works contract. Current enabling works include the creation of the Hole Farm community forest, conversion of the Pilgrims Lane site into a Green Beacon (a low carbon, environmentally conscious office and compound), and early surveys for archaeological trenching and protected species licences.

This is a very exciting project to be a part of especially for environmental reasons!! Don't miss out Apply today!

### What you'll be doing

Undertake regular site inspections to monitor compliance with the environmental licences/consents for the works and environmental plans and procedures; implement follow-up corrective actions to ensure compliance with UK regulations and legislation.

Provide appropriate professional and practical advice to Enterprise Partners and the supply

chain on environmental and ecological issues.

Review and make recommendations for subcontractor selection using BMS selection procedures such as new Sustainability Jaggaer Question Sets and heatmaps

Monitor the performance of environmental advisors / assistants, ecological clerks of works, and sustainability coordinators.

Work with the Enterprise Partners to produce and update the Project Management Plan including key plans (Environmental Management Plan (EMP) and Sustainability Action Plan) and support specialist procedures (such as the Carbon Management Plan) as appropriate.

Develop and deliver LTC specific environmental training for site personnel.

Work with the Group and central BB Highways teams to coordinate and manage environmental inductions for all staff involved in the project.

### **Who we're looking for**

Environmental Degree, NEBOSH Environmental Diploma / IEMA Certificate or related discipline.

Knowledge of investigation (root cause analysis) techniques for incident investigation.

Experience in managing a team.

Experience of chairing meetings, both with the workforce, supply chain and sub-contractors.

Strong and effective communication skills to deliver key safety messages.

Experience in construction environment (desirable)

Driving Licence (**Essential**)

### **Why work for us**

Our people are our biggest asset, and we focus on recruiting, training and developing the people who can apply innovation to deliver the infrastructure of the future. We nurture these talents, offer a great benefits package in addition to a competitive base salary and

continually invest in developing the skills of our people at every level. Some of our key benefits are:

Company car or car allowance

Medical Health Cover

Discretionary annual bonus

25 days annual leave plus bank holidays

BB Pension Scheme

Enhanced maternity/paternity and family friendly policies

Payment of 1 annual professional membership

Access to our employee referral scheme

Discretionary annual salary reviews
