

ERP Product Owner

[Apply Now](#)

Company: twentyAI

Location: United Kingdom

Category: other-general

W Posted by Recruiter

twentyAI is partnered with a leading agricultural farmingpany focused on sustainable farming practices and innovative agricultural technologies. They are in the middle of a large digital transformation project, at the stage of upgrading their ERP from Epicor 10 to Kinetic while operating 78 systems covering the varied practices of farming.

They need an experienced Product Owner with strong ERP knowledge to join them in a permanent role to take ownership of the ERP, write user stories and manage the backlog. Additionally, there will be unique stakeholder management and over time, the role will grow to continuous improvement and help the business grow through the improved efficiency of utilising the Epicor.

They are based in Lincoln and need this person to be on-site 5 days per week for the most part.

Requirements:

Strong ERP Knowledge (could have: SAP, Dynamics, Epicor etc.)

Able to be on-site in Lincoln.

Excellentmunication.
