Company: AGM Construction Recruitment

Location: United Kingdom

Category: business-and-financial-operations

PLEASE ONLY APPLY IF YOU ARE A UK RESIDENT, HAVE RIGHT TO WORK IN THE UK and HAVE UK INDUSTRY EXPERIENCE (no visa sponsorship available)

Our Client is a leading company in the construction and civil engineering sector with a strong presence in Cumbria, England. We take pride in our commitment to delivering high-quality projects that meet and exceed our clients' expectations. Our success is driven by our dedicated team of professionals, and we are currently seeking a skilled Estimator to join our growing team.

Position Overview:

We are looking for an experienced Estimator to play a crucial role in our project development and execution. The successful candidate will be responsible for accurately estimating the costs associated with construction and civil engineering projects, ensuring our bids are competitive and align with our commitment to quality.

Key Responsibilities:

Review project plans, specifications, and other documents to prepare accurate and comprehensive cost estimates.

Collaborate with the project management and engineering teams to understand project requirements and objectives.

Analyze and quantify project materials, labor, equipment, and subcontractor costs.

Utilize industry-specific software and tools to prepare detailed cost breakdowns.

Prepare and submit competitive bids and proposals within designated timelines.

Evaluate and negotiate subcontractor and supplier quotes.

Stay up-to-date with industry trends and cost data to maintain accurate estimating practices.

Participate in value engineering efforts to optimize project costs while maintaining quality.

Work closely with the project team to provide ongoing cost support and analysis.

Assist in the development and maintenance of cost databases and historical cost data.

Qualifications:

Bachelor's degree in Construction Management, Civil Engineering, or a related field (preferred).

Proven experience as an Estimator within the construction and civil engineering sector.

Strong knowledge of construction materials, methods, and techniques.

Proficiency in estimating software and Microsoft Office Suite.

Excellent mathematical and analytical skills.

Exceptional attention to detail and accuracy.

Effective communication and negotiation skills.

Ability to work independently and as part of a team.

Strong organizational and time management abilities.

Benefits:

Competitive salary with a negotiable remuneration package based on experience.

Opportunity for professional growth and development.

Supportive and collaborative work environment.

Health and retirement benefits.

Ongoing training and skill development opportunities.

Exciting projects and challenging work.

Location in the picturesque region of Cumbria, England, offering a high quality of life.

If you are a motivated and experienced Estimator looking to join a dynamic team in the construction and civil engineering sector, we encourage you to apply. [Company Name] is committed to providing equal employment opportunities to all qualified individuals. We welcome candidates from diverse backgrounds to apply.
