Evaluators in Social Media | Remote Project in the United Kingdom

[Apply Now](#)

Company: Jobs Europe AB

Location: United Kingdom

Category: business-and-financial-operations

Introduction

Appen is the global leader in data for the AI Lifecycle.

With more than 25 years of experience in data sourcing, data annotation, and model evaluation, we enable organizations to launch the world's most innovative artificial intelligence systems.

Our expertise includes a global crowd of more than 1 million skilled contractors who speak 235+ languages, in more than 70,000 locations in 170 countries, and the industry's most advanced AI-assisted data annotation platform. Our products and services give leaders in technology, automotive, financial services, retail, healthcare, and government the confidence to launch world-class AI projects.

Responsibilities

Looking for an innovative opportunity? Join us and make things happen!

Be a Contributor that impacts machine learning!

This is a work-from-home opportunity where all you need is a computer device and the desire to make a positive impact while working on the social media platforms you enjoy!

Flexible working hours with the potential to work above the 20-hour requirement based on project needs

You can apply/work while you are working full-time or studying!

Opportunity to participate in various tasks with engaging purposes

Qualifications

Project Description:

In this task, you will be listening to a series of audio clips generated by our text-to-speech (TTS) models, rating them based on a particular metric. If necessary, you will also indicate any errors that the TTS may have made (e.g. mispronouncing a certain word) by annotating the transcript that accompanies each audio clip.

All you need is a computer and a good internet connection

Strong written and spoken comprehension skills in English

Ability to review and apply guidelines

Willingness to comprehend and follow instructions independently

Social media has become a mainstream part of our lives, and AI being implemented has the potential to enhance connection and communication with users across the globe. Being part of this inclusive AI innovation is a rewarding opportunity to do so!
