

Fabricator Welder

[Apply Now](#)

Company: Wentworth James Group

Location: Oldbury

Category: architecture-and-engineering

We are seeking a skilled and experienced Fabricator to join our team. As a Fabricator, you will be responsible for assembling and fabricating various metal components using power tools, hand tools, and welding techniques. This is a full-time position that offers competitive pay and opportunities for career growth.

Duties:

- Read and interpret blueprints, drawings, and specifications to determine the required materials and fabrication methods
- Measure, cut, and shape metal components using hand tools and power tools
- Weld and fabricate metal components according to specifications using stick welding techniques
- Perform quality checks to ensure that fabricated components meet the required standards
- Collaborate with other team members to ensure efficient production processes
- Maintain a clean and organized work area
- Assist during the design process

Requirements:

- Proven experience as a Fabricator or similar role
- Proficiency in using power tools, hand tools, and welding equipment
- Strong knowledge of sheet metal fabrication techniques
- Ability to read and interpret blueprints, drawings, and specifications

- Basic mathematical skills for measurements and calculations
- Mechanical knowledge to troubleshoot issues with equipment or components
- Ability to lift heavy objects and stand for extended periods of time
- Excellent attention to detail and ability to work with precision
