

Field Service Engineer

[Apply Now](#)

Company: Zenopa

Location: Swindon, Gloucestershire

Category: architecture-and-engineering

We have an exciting new position with an established chromatography company founded in 1989 that has grown in the right direction since. They are keen to take on a service engineer who wants to be apart of a tight-knit culture that welcomes training and development down the M4 corridor

Day to Day:

- Working on multiple product lines including HPLC, GC, GCMS and Spectroscopy carrying out everything from installations, repairs, preventative maintenance and breakdowns.
- Staying regionally based for the most part down the M4 corridor with as little as 3-4 overnight stays per month

The right candidate will have the qualities listed below:

- Experience in the chromatography industry is highly advantageous
- Experience in laboratory environments as an engineer is necessary
- Ability to be flexible, and adaptive to the needs of the business to support the customer's needs.
- Working well with the team to ensure the best output.
- Strong customer service and communication skills for customer satisfaction.

Package details

- Salary dependent on experience

- 6K bonus scheme
- Company Car electric
- Generous AL package
- Sick pay Scheme whereby if anything were to happen, they pay up to 13 weeks 2/3 base salary
- Pension
- Monday to Friday 9-5 contracted hours with flexible times if needed
- Phone, Laptop
