Field Services Engineer

[Apply Now](#)

Company: Osprey Engineering Solutions

Location: West Midlands

Category: other-general

We are currently recruiting for a global leading compressed air and gas filtration company. Our client is looking for an experienced and motivated Field Service Engineer to join their team. You will be part of a team of Service Engineers covering the Midlands working on our complete range of portable compressors, generators, pumps, lighting towers and battery storage systems. Key Responsibilities: Promptly carry out servicing and maintenance on BSES (Energy storage systems), Generators, Portable air compressors and pumps. Effectively diagnose mechanical and electrical faults on customer equipment, field and workshop-based. Carry out PDI and commissioning of new equipment. Identify required parts to effect repairs. Complete job reports correctly and return them promptly. Required to plan and organise daily and weekly visit schedules. Be aware of, and apply, Health and Safety regulations in the workshop and on-site. Always apply good standards of engineering practice. Maintain test instruments, to ensure they remain in good condition. Effectively promote the company image. Perform related responsibilities as required. Desirables: You will have current experience of repairing and servicing at least some of the following equipment: Energy Storage solutions, Generators, Battery Expert, Portable Air Compressors, Pumps, Lighting Towers. You will have a good knowledge of the construction industry, You have strong interpersonal skills and the ability to collaborate with our teams and external partners. You are customer-focused and take ownership of meeting the customer's needs. You can work both individually and be a valuable member of a team. You are enthusiastic and passionate, but you still work systematically and are focusing on delivering quality and results. You have a PC literate and hold a clean driving license. You are fluent in English, as this is our internal

language. Benefits: We believe and foster a learning culture where global mobility is an important enabler for growth. Our learning culture supports you on your journey: benefit from our individual learning opportunities. We support you and your well-being with different programs like running groups, family parties, team events, and more. We offer an excellent benefits package – including a desirable pension scheme, and private medical.
