FINANCE OPERATIONS ANALYST

PERMANENT ROLE

LETTERKENNY

COMPETITIVE SALARY AND BENEFITS

Our client is a hugely successful organisation with operations across the Ireland, the U.K. and Asia, with a host of customers in addition to this, internationally. They are at the forefront of their niche industry of operation and have grown exponentially year on year from inception to the current day.

The Position

They are currently recruiting for a Finance Operations Analyst to join a dynamic Finance & Operations team based in Letterkenny

This is a fantastic opportunity to join an ambitious company in which you can help shape and define the role and your career. Competitive package commensurate with experience with Full training and ongoing learning supported. Flexible working dependent on responsibilities and deliverables

Role Requirements

- Daily and monthly reconciliation of trade positions to multiple exchanges. Investigate and resolve any findings from the reconciliations as they arise.

- Monitor any financial variances and track that they are resolved in a timely manner.
Communicating with all relevant parties in the process.
- Monthly client invoice runs, valuation statements and payments management.
- Reconcile client invoices and client payables and receivables.
- Daily/weekly review of client collateral positions and notifying them promptly of necessary actions,
- Feed into KPI reporting on client reporting and onboarding of clients,
- Daily update of market data and trading data
- Develop key internal and external relationships to ensure delivery of outstanding service,
- Assuming ownership for operational issues that are raised and providing resolution in a timely manner that considers all factors
- Contribute to operational procedures for processes and ensure these are maintained,
- Support and engagement with the Operations team providing key financial information and day to day financial support
- Assist in identifying and implementing improvements to processes,

Desired Skills and Experience

- Qualified or recently qualified graduate with a Degree in Business or Accounting
- Strong analytical and problem-solving skills
- Excellent attention to detail
- Organised, flexible, and able to work in a deadline-oriented environment
- Self-motivated and aptitude to work independently and within a team environment
- Enjoy fast-paced learning environment and desire to take-on additional responsibility
- Ability to interact strongly and in a professional manner with external and internal clients
- Strong written and verbal communication skills
- Strong Excel. SQL knowledge would be an advantage
