

## Full Stack Developer

[Apply Now](#)

Company: IC Resources

Location: Greater Bristol Area

Category: other-general

This fast growth tech company is generating pivotal change in the TV, video and imaging industries via their innovative software and hardware products. They are looking to hire a Full Stack Developer to join their growing SW Engineering team as they work on the next generation of their products. Key skills/experience required: Experience developing desktop, web and mobile applications Python development experience Javascript frameworks - particularly React A range of front-end languages and libraries (HTML/ CSS, JavaScript, XML, jQuery) Demonstrable front-end design (UI, UX) Familiarity with databases - particularly PostgreSQL and MySQL (MongoDB also useful) Knowledge of source and version control systems - Bitbucket or GitHub Significant experience with using Jira, Confluence and MS 365 BSc or MSc in a relevant subject (eg Computer Science, Statistics or Maths). You will need to be able to demonstrate your ability to manage complete projects individually, from initial design to implementation. Based in Bristol, they offer hybrid and flexible working. Salary range is up to £45k for this role. If you are interested, please contact Matt Andrews at IC Resources for more info!
