Company: G2 Legal

Location: Scotland

Category: other-general

I've been directly instructed on a stellar remote Scots qualified Conveyancing Solicitor opportunity with a firm in the North of Scotland. With a steady stream of work, this team are seeking a remote solicitor to undertake a full conveyancing caseload, which mainly covers the North but also across the rest of Scotland. As this position is remote, applicants must have at least 2 years' residential conveyancing experience, and can handle a full caseload without supervision & training. Although you will not be based in the office, you will still have an inclusive and friendly network of colleagues, with legal and secretarial support on hand. This is a rare opportunity in current times, and is sure to be filled quickly, so if you are a Scots qualified Conveyancing Solicitor with 2+ Years' PQE and are seeking a fully remote opportunity, then look no further! Apply via the link or contact me on LinkedIn for more information.
