Fleet Education Services is searching for experienced Functional Skills Tutors to provide enduring, in-person support to young learners within Kent.

About us

Fleet Education Services is a leading provider of quality supplementary and alternative provision throughout the UK. With our commitment to excellence, we strive to empower learners and help them achieve their academic goals through our tailored 1:1 and small group education programmes, delivered by our specialist tutors who share in our aim to ensure that every learner we support thrives.

The role

We have learners who need you to make a difference to their lives now; this is your opportunity to provide meaningful, holistic support to young people referred to us that demonstrate additional learning requirements or who are struggling to meet age-related academic expectations. Your skill and expertise will play a leading role in improving their self-confidence and subject knowledge, ultimately becoming a positive influence during their journey throughout education. Learners referred to us will generally require tuition either in their own homes with a parent/guardian present for the session, or at their school.

We receive frequent opportunities to tutor throughout Kent, with placements arising in Maidstone, Dartford, Gravesend, Royal Tunbridge Wells, Ashford, Folkstone and Canterbury. Our tutors have full control over the hours and placements that they accept from us - applicants with excellent availability for in-person tutoring will be provided considerable hours on a weekly basis, including frequent daytime opportunities. Due to current client

demand we are receiving in this area, applicants with daytime tutoring availability will be preferred.

If you're a passionate teacher or tutor, experienced in supporting Functional Skills and who would relish the opportunity to engage learners in education, then we'd love to welcome you into our tutoring community.
