

Functional Solution Consultant (London Market)

[Apply Now](#)

Company: Guidewire

Location: United Kingdom

Category: other-general

What you will need:

Insurance knowledge of the Lloyd's London Market Insurance Sector, with fluency in the processes supporting the business flows across the entire insurance lifecycle. This experience could have been gained working for a London Market Insurer, a London Market focused InsureTech, or ideally both

Ability to demonstrate that you are a strong presenter who can stand their ground and deal with tough questions

An interest in technology, either from previous jobs or just from your own hobbies, would be a big plus

An interest in developments and initiatives within London Market and aligning those with our product direction

Provide evidence that you can deliver against tight deadlines with excellent results

Show that you are a team player who learns from their mistakes and adjusts to work well with colleagues

Hunger to learn and to constantly improve

Applicants should be a current resident in the UK, with experience working in the UK Insurance market

The people we employ give their all, and in return, we offer flexibility wherever we can, such as:

Flexibility to work from home

Casual dress for all internal functions

Paid volunteer days

Competitive market salary

LTI (Long-term Incentive) cash or RSU

26 annual leave days

Competitive benefits package
