

United Kingdom Jobs Expertini®

Game Producer

[Apply Now](#)

Company: The Workshop

Location: United Kingdom

Category: computer-and-mathematical

Who we are

The Workshop is a tech company that develops intuitive software for the online gaming industry. Our motto is to move “Fearlessly Forward” together. Cooperative innovation is at the center of everything we do – from our games, new products and technologies, to how we collaborate and share inspiration with one another.

Your mission

You will be critical to the product function, as you will be performing a lead role for complex programs of work affecting multiple business areas. Working hand-in-hand with your stakeholders, from customers and Product Manager to agile engineers, you will define as-is and to-be processes, pinpoint limitations and recommend improvements. In short, you will be responsible for maximizing the value of the product by creating and managing the games product backlog and be the voice of the end user in the agile delivery process.

You will be part of a super-motivated product team spread across multiple delivery teams. Each delivery team includes team members from different functions like product, development, architecture, quality assurance, etc.

What you'll do

Play a leadership role in the end to end development of casino igaming products.

Collaborate and lead in a cross functional team environment to achieve product milestones and coordinate product delivery in a fast paced environment.

Proactive and communicates effectively with their peers, the team, stakeholders, and

management.

Participate and guide the team in product planning.

Communicate, collaborate, and coordinate, with 3rd party teams.

Facilitates in setting milestones, prioritization, risk management, and conflict resolution for the team.

Vigilant in communicating product status and health.

Drives the team towards on time delivery.

Seeks feedback from stakeholders and utilizes data to inform product vision, features, quality and prioritization.

Contribute to the creation of innovative and market leading casino game concepts.

Shows passion when presenting their products to management and stakeholders.

Engages with the commercial team to understand market conditions and requirements.

What you'll bring

A proven track record as a Producer, or similar role in the Casino Gaming industry.

A customer-first mindset.

A high degree of proficiency in iterative development, understanding of Agile principles.

Hands-on experience leading all stages of the product life cycle.

Technical background with knowledge of software development and web technologies.

A balance of technical knowledge and business acumen.

A proactive self-starter attitude, with excellent project management skills and the ability to manage multiple tasks effectively.

Excellent communication skills with the ability to engage, influence, and inspire internal teams & stakeholders to drive collaboration and alignment.

A high degree of organization, individual initiative, and personal accountability.

A background in delivering products or services to market, with 3rd party vendors with a high degree of proficiency in an iterative development environment.

What's in it for you

Inspiring and fulfilling work at an innovative and values-driven company creating cutting-edge tech

Attractive salary and customisable benefits package

Flexible working hours and ways of working

Contemporary and accessible office environments with a range of workplace perks

Six weeks' paid leave for every four years of service

Relocation package for you and your family including soft-landing package services to help you settle in (applicable in Spain, if you are moving from a different city/country)

Being part of a team with a forward-looking, international mindset and agile working practices

A friendly, inclusive and multicultural environment (we are made up of over 35 nationalities, speaking almost 30 languages)

Wellbeing programmes, learning and personal growth opportunities

A range of employee events throughout the year, including team building activities, Learning Labs, Hackathons and Designathons

Opportunities to shape the tech community within and outside of the company, through mentoring and knowledge-sharing

Our values

We understand that great ideas come from great people, and great people thrive when they're trusted to challenge, change, improve, and perfect our products and processes. Our forte lies in the diversity of our skills – and that comes from the diversity of our people.

The Workshop is committed to being a diverse and inclusive workplace, where we all learn together, trust each other, and value collaboration. We welcome candidates of all genders, gender identity and expression, sexual orientation, disability, physical appearance, body size,

race, age, nationality, belief (or lack thereof), and programming language preference. As an equal opportunity employer, we offer a friendly, supportive working environment for all. It's a place where you can try new ideas, take risks, and enjoy the support to move Fearlessly Forward.
