Details

### Garment Technologist Overview

A highly successful retailer is looking for a Garment Technologist to join their thriving team. The Garment Technologist will work across multi product Ladieswear alongside the qc and technical teams.

### Garment Technologist Responsibilities

Managing the sample process, checking initial quality, and dealing with any issues

Creating size specs, tech packs and measuring and grading samples

Regularly evaluating test reports and work closely with the testing department

Liaising with factories overseas

Attending fit sessions and make fit comments

### Additional Information

The Garment Technologist must have previous technical experience in a similar role, with a high level of attention to detail and excellent organisation skills.
