Are you a Gas Service Engineer with experience in heating appliances or similar equipment?

Do you want to join a company that will invest time and money into training and developing you, in a challenging and autonomous role?

This company specialise in the design and manufacture of fireplaces which are supplied internationally. Industry leaders in their field, they pride themselves in supplying high quality products and giving the best service to their customers.

In this role the Service Engineer will be covering primarily the North East patch, carrying out warranty service work on a variety of heating appliances (gas/electric/solid fuel), including diagnosing and repairing faults.

The ideal candidate will have experience servicing heating appliances and have gas safe training certificates.

This is a fantastic opportunity for an individual to join a company that value their staff shown through their benefit package and that offer a clear route of progression.

The Role:

*Service Engineer

*Warranty service work on heating appliances including fault diagnosing and repairing

*Field based covering the West Midlands patch amongst other areas (you must be prepared to stay away up to 4 nights a week during the training period)

The Person:

*MUST have experience servicing heating appliances or similar (boilers/central heating)

*MUST have gas safe training certificates

*Full clean driving license

*Reside in either Birmingham, Wolverhampton, Telford, Coventry, Worcester
