

German Speaking Recruitment Resourcer / Researcher

[Apply Now](#)

Company: Flow Control Engineering

Location: Wylde Green

Category: sales-and-related

Flow Control are international specialists in the provision of niche project and staffing solutions.

We are specifically hiring for a German speaking Resourcer to assist with interviewing candidates from Europe. Other languages would be beneficial.

We work across a variety of sectors which are split into specialist divisions:

Building Services / HVAC

Controls & Automation

Hydraulics & Pneumatics

Instrumentation & Electronics

We are undergoing a period of expansion and require another two Resourcers to join our team.

As a Resourcer you will be responsible for assisting the Consultants locate and contact individuals from the Engineering Industry. You will use database management, boolean searching and even headhunting approaches to find the very best people for any job!

For the right candidates there is further progression available into a full Recruitment Consultant role over time.

Basic salary is dependent on experience, plus commission and incentives.

This role would suit someone from a Sales background or a technically minded person looking to start an exciting new career.

We would also happily speak to graduates or junior candidates with no experience, if you have the right attitude!
