

## Global Quality Manager

[Apply Now](#)

Company: Guided Solutions

Location: United Kingdom

Category: other-general

Our client is an award-winning leader in sustainable healthcare solutions. They are focused on helping improve the lives of patients and professionals on a global scale through their innovative product ranges. Due to significant growth, they are looking for a driven Global Quality Manager to join their team.

### **Key responsibilities:**

Support the development and implementation of global quality assurance strategies, policies, and procedures aligned with regulatory standards (e.g., ISO 13485 & 9001)

Evaluate the suitability of current distributors and recommend replacements if needed.

Collaborate and advise the procurement team and suppliers to establish and maintain high-quality standards for incoming components and materials.

Support the Regulatory Lead and other cross-functional teams to ensure timely submission of regulatory filings and documentation.

Lead the culture of superior quality across the business, communicating with all stakeholders to professionally deliver the quality strategy.

Manage and mentor a diverse team of quality professionals, fostering a culture of continuous improvement and excellence.

Evaluate and maintain robust quality management systems to support product development, manufacturing, and distribution processes.

Ensure compliance with ISO 13485/9001 standards throughout all stages of product development, manufacturing, and distribution.

**To be considered for this position candidates must closely match the following reference profile:**

Demonstrated leadership experience, managing people, budgets and performance.

A minimum of 3 years experience assessing AQL and implementing quality management systems aligned with ISO 13485.

Experience working with Class 1 and Class 2 (sterile and non-sterile) Medical Devices in accordance.

Strong problem-solving skills with a track record of implementing successful CAPA initiatives.

Experience of working in a highly commercial environment.

Ability to collaborate, motivate and lead across departments on Quality issues. Working under pressure to meet deadlines.

Strong written communication skills, excellent attention to detail with the ability to summarise effectively.

Ability to efficiently monitor and report performance metrics.

UK Driving license and ability to travel across the UK to manufacturing sites.

Right to Work in the UK - This role does not offer Visa sponsorship.
