Company: NHS Scotland

Location: Dumfries

Category: healthcare-practitioners-and-technical

33-37 Castle Street, Dumfries DG1 1DL

Greyfriars is a highly reputable training practice with a list size of approx 12000 patients, situated in the town centre of Dumfries. We are seeking to recruit a motivated and enthusiastic GP to join our cohesive Partnership of eight GPs, where special interests are supported and encouraged. We are a dynamic and forward-thinking team that values an equitable division of workload with competitive remuneration.

We are supported by an excellent wider practice team, consisting of a Nurse Practitioner, Practice Nurses, Health Care Assistants, Pharmacists, Mental Health Nurses, and an Advanced Physiotherapist.

Our practice is involved in undergraduate education including medical students and ScotGEM, as well as GP training. Our GPs have special interests in Dermatology, Diabetes, Forensics, Addiction, Minor Surgery, Medical Education, Menopause, Women's Health among others.

We always make time for coffee and lunch with opportunities for a good chat even on a busy working day.
