

Graduate Civil Engineer - Flood, Coast and Maritime[933605]

[Apply Now](#)

Company: Binnies

Location: United Kingdom

Category: other-general

Binnies, part of the **BSK Group** are looking for **Graduate Civil Engineers** working within our **Flood, Maritime and Coastal team**. The team provide consultancy services flood defence projects in the UK and Ireland as well as port, harbour, marine terminal and coastal projects in the UK and overseas. They also consult, deliver and manage Critical Human Infrastructure projects in the Water and Flood Risk Management sector.

As a **Graduate Civil Engineer**, you will be taking part in our development programme. You will be a valued member of our highly experienced and widely respected team at Binnies. Binnies treat each Graduate Engineer as an individual and will provide all relevant training, development and support so that you may further your engineering career. We are a diverse and energetic team and you will play a key role in contributing to our team's and companies' success.

Binnies offers you possibilities on an international scale with offices worldwide and projects completed in 100 plus countries. What's more, you can work on exciting global projects regardless of where you are physically located. Whatever industries and technologies interest you, Binnies can get you there. You will also gain experience and expertise in all aspects of the UK Water Industry.

Role responsibilities:

Deliver packages of work within budget and work schedule to meet the project requirements

Understand project scope and identify contractual change

Understand the customer's basic and performance requirements

Undertake feasibility assessments, optioneering, outline and detailed design

Balance the workload of multiple projects

Prepare clear and concise deliverables appropriate for the intended audience

Undertake site inspection

Work in client offices on a short term secondment basis

About You:

Necessary qualifications to achieve IEng MICE or CEng MICE or equivalent other institutions.

Desire to work proactively towards Incorporated or Chartered membership of the ICE, CIWEM or other equivalent institutions

Excellent written and verbal communications skills.

Self-motivated and effective team player.

Motivated to work on maritime & coastal projects

Benefits:

Competitive salary

Flexible working (part time available, remote working for part of the role)

Flexible benefits e.g. buy annual leave, varying pension contributions, options for private healthcare

Continuous training and development – tailored training agreements towards chartership
