Company: Adler & Allan

Location: United Kingdom

Category: life-physical-and-social-science

Graduate Consultant - Water Quality

Thames Valley region - Surrey / South London

Permanent full time

Competitive salary plus benefits

Join Our Team as Graduate Consultant - Water Quality and Make a Difference!

At Adler and Allan Group, we're not just a company - we're environmental champions committed to protecting our planet while helping businesses thrive. We're a diverse, dynamic team dedicated to providing top-tier environmental and energy infrastructure services across the UK. Our mission is clear: safeguarding the environment, minimizing operational disruptions, and supporting sustainability goals for our valued clients.

The primary purpose of the role will be to attend and investigate water pollution incidents; undertake field-based monitoring and collect environmental samples for laboratory analysis across the Thames Valley and Greater London area.

Weekly hours of 40 hours per week; 8am until 5pm, five days per week with requirement for weekend and public holiday work on a flexible team rota pattern which is planned in advance!

More details about the role:

Attending and investigating water pollution incidents across the Thames Valley & Greater London area

Undertaking field monitoring works including water quality measurements and sampling.

Technical report writing in response to water pollution incidents

Provision of accurate and timely information to line management.

Supporting team performance by sharing knowledge and best practices at all levels

Any other duties for which the post holder is qualified and able to carry out.

About you:

Degree in a Biological or Environmental Sciences discipline

Understanding of water chemistry and the indicative parameters

A full clean UK driving licence

Experience in scientific fieldwork, and an enthusiasm for working outdoors in all weathers

Competent user of Microsoft Outlook, Excel & Word

Excellent organisational and time-management skills

Analytical and numerical skills with the ability to pay close attention to detail

Able to work independently and as part of a team following precise protocols

Why Choose Adler and Allan: By becoming a part of the Adler and Allan Group, you'll embark on a rewarding journey where we truly value your ideas and contributions. Whether you're just starting your career or in search of a new challenge, we offer a platform for personal growth and professional advancement, enabling you to shape a successful and

fulfilling career path. Our group includes Jet Aire, Detectronic, Aqua Consultants, Oneline, KwikFlow, AMGS, and OHES.

What makes us a great employer?

Growth and Development:Join an ambitious team that values your growth. We offer extensive training, career advancement opportunities, and a chance to expand your skill set.

Wellness and SupportWe care about your well-being. Enjoy life assurance, unlimited access to our mental health support and Medicash, our health care cash plan for you and up to four dependants.

Dynamic Culture:Our workplace is more than just a job - it's a community. Experience a fun, can-do culture where your contributions matter.
