Graduate Maths Teaching Assistant

Wimbledon, Merton – South London

Have you recently graduated in mathematics from a top-rated university?

Do you want to gain a position that elevates your talents in a prestigious educational setting?

Are you interested in a teaching career, but unaware of the different routes you can take to gain qualified teacher status?

We are looking for a highly educated individual step into the role of Graduate Maths Teaching Assistant at this state-of-the-art secondary school. This individual will have the academic background as well as the essential qualities to guide students in their maths studies. If successful, this role also has a direct access route to teaching training opportunities in September 2024.

Job Description – Graduate Maths Teaching Assistant

Sociable working hours – 8:30am-3:30pm Monday to Friday

Top-achieving school

Competitive earning potential - £465 to £500 per week

Be the expert Use your educational backing to guide GCSE and A-Level students to top-percentage results

Accessible and reliable public transport routes to the school

Planned teacher training opportunities

As a Graduate Maths Teaching Assistant - Long-term, full -time placement

Immediate start

Location – Wimbledon, Merton – South London

This high-achieving school is looking for a mathematics graduate with a drive for educational success to fill the highly sought after position of graduate maths teaching assistant.

This outstanding opportunity has been hand-crafted by the school to ensure students thrive in their maths studies through KS3, KS4 and KS5. Alongside this, they also want to develop an excellent future teacher by indulging them in a successful and driven environment surrounded by exceptional staff.

As a graduate maths teaching assistant you will support students in maths, based on the national curriculum and using your mastery of the subject. This will involve intricate 1-1 sessions as well and group interventions. Alongside your extensive knowledge of the subject, teachers will make it a mission to teach you the most valuable resource techniques as they mould you into a vastly knowledgeable educator.

Whether you are looking to broaden your work experience, or want a journey into teaching that is valuable as well as paid, the position of graduate maths teaching assistant could be perfect for you.
