### Job Description

Graduate Recruitment Consultant - Financial Services and Technology Industries

London

£21,500 - £26,500 basic salary + Commission (£37,500 OTE)

My Client is a boutique, recruitment firm that specialises in strategy, change and CxO roles within the Financial Services and Technology Industries. With consistent growth and a large, expanding client base including leading banks and a number of start-ups, our client has quickly become an industry leader with a growing reputation and plans to further expand their business. They are now looking to hire recent graduate to join their team as Recruitment Consultants.

Recruitment Consultant with our client will receive industry leading training. You will have the chance to learn from the best recruitment instructors in the country, as well as getting hands on experience. You will only be mentored by a senior consultant. This training will give you the knowledge and skills to be a successful Recruitment Consultant.

Successful Recruitment Consultants can earn an impressive amount of money through our client's uncapped commission system. In your first year alone you can earn over £35k, and over £60k by you third year. Recruitment Consultants that hit their targets will also be taken around the world on company holidays, see the biggest events on the sporting calendar and eat at the most expensive restaurant in the city all on the company's dime.

The role of a Recruitment Consultant is to networking with, and interviewing the best candidates across the industry and managing the end to end recruitment process, this

includes:

Sourcing new candidates through networking, research and headhunting

Assessing candidates experience, arranging interviews and managing interview processes

Guiding candidates and clients through the hiring process, offering advice and coaching where needed

Managing the offer process - negotiating salary, pay rates and ensuring both your client and candidate are happy with the offer

An ideal recruitment consultant will have:

Strong academics; 2.1 or above from a leading University

Have an interest in Financial Services and/or Technology industries

Confident and skilled communicator (verbal and written)

A commercial mind set

Self-sufficient, a team player and highly motivated

Passionate, down to earth and sociable with a good sense of humour!

If you are interested in starting your career as a trainee recruitment consultant we'd love to hear from you. Please apply with your updated CV and I will give you a call to discuss.
