Graduate STEM Teaching Assistant

Mainstream Secondary School – Cheam, Sutton - South London

Are you a recent STEM graduate with an interest in teaching as a career?

Have you looked into teaching, but aren't sure about which route you would like to take to begin your career?

Do you want to explore this in a non-commitment role working alongside dedicated professionals at an Ofsted outstanding school?

This state-of-the-art mainstream school is looking to grow their passionate team ASAP with a graduate STEM teaching assistant. This position also offers opportunity to join full teacher training in September 2024.

Job Description – Graduate STEM Teaching Assistant

Graduate STEM Teaching Assistant – Immediate Start

Support STEM subject student development in KS3, KS4 and KS5

Must have a 1st /2:1 class degree in a STEM subject

Planned teacher training from September 2024

Ofsted Outstanding rated school

Monday to Friday 8:30am to 3:30pm

As a Graduate STEM Teaching Assistant – earn £475 to £500 per week

Easily commutable - Cheam, Sutton – South London

We are currently looking for a highly-educated and passionate STEM graduate to join this exceptional school as a graduate STEM teaching assistant. This school is looking to create a prestigious team to work alongside students to ensure they are receiving the highest level of education and support.

Your vital role as a graduate STEM teaching assistant will involve you working alongside the class teacher to ensure students are hitting their targets. This school has high standards for their pupils, and is dedicated in ensuring they reach them, consistently using tactics such as 1-1 sessions and group work to encourage the best results.

This would be the focus of this graduate STEM teaching assistant role. You will also get a taste for teaching as you help create engaging resources and give masterful feedback.

With the current school climate revolving around GCSE and A-Level examinations, you will be a key factor in ensuring students are delivering the best results.

If you are successful in this graduate STEM teaching assistant role, the school is also interested in developing a graduate STEM teaching assistant into a teacher come September 2024.
