

Graduate Structural Engineer

[Apply Now](#)

Company: Alfred Recruitment

Location: Exeter

Category: architecture-and-engineering

Overview

We are seeking a skilled and experienced Graduate Structural Engineer with 3 years practical experience to join our team. As a Graduate Structural Engineer, you will play a crucial role in the design and construction of various structures. If you have a 3+ years experience in structural engineering and are passionate about creating safe and efficient designs, we would love to hear from you.

Responsibilities

- Conduct structural analysis and design calculations for various projects
- Prepare technical drawings, specifications, and reports
- Collaborate with architects, contractors, and other professionals to ensure project success
- Perform site visits to assess structural conditions and provide recommendations
- Review and approve construction plans and documents with senior engineers
- Monitor project progress and ensure compliance with UK building codes and regulations

Skills

To excel in this role, you should possess the following skills:

- Proficiency in AutoCAD
- In-depth knowledge of structural system design principles
- Excellent problem-solving skills
- Attention to detail and accuracy in calculations
- Effective communication skills, both verbal and written

Location: Exeter (EX2)

Please note that this is not an exhaustive list of responsibilities and skills. Additional duties may be assigned as needed.

If you are a motivated individual with a passion for structural engineering, we encourage you to apply. Join our team and contribute to the creation of innovative and sustainable structures
