Head of Credit - Asset Finance Structured Finance / Project Finance / Energy & Infrastructure Finance. £100,000 per annum plus car allowance, pension, healthcare and bonus. The client: A smaller, dynamic and ambitious bank with a strong presence in specialist business lending including asset finance and structured / wholesale finance solutions to the SME and corporate community. Keen to continue their growth agenda by building out a substantial presence and to compete in the Energy and Infrastructure funding sectors. The role: Creating and deploying an effective credit risk strategy to enable new business growth in the energy and infrastructure financing sector. Personally assessing and underwriting new business applications to ensure growth whilst maintaining credit quality and minimising the potential for bad debt. Working closely with the Divisional Head to contribute to the commercial strategy - transactions will tend to be project finance in nature and from £1 million to £20 million in size. Contributing to the wider asset finance credit risk departmental performance by assisting the credit team in underwriting general asset finance applications. The candidate: A proven credit risk professional with experience in structured asset finance, project finance, energy finance, infrastructure finance or wholesale finance. Ideally some experience of onshore wind, onshore solar, energy storage and EV charging and knowledgeable in the renewable and technology funding markets. Broad experience in the vendor, direct and intermediary / broker markets. This role can be based anywhere in the UK with periodic travel to the company's offices in the North West and South East of England.
