Health And Safety Advisor - London, within M25

[Apply Now](#)

Company: Citation Professional Solutions

Location: London Area

Category: other-general

H&S Advisor - London, within M25 Up to £40,000 package including travel Driving Licence ideally needed as travelling to clients, but not mandatory dependent on your home location At Citation, we're not just a company; we're a movement, a culture, and an opportunity like no other! Our passion lies in development and cultivating a vibrant culture that empowers our colleagues and wows our clients. We stand out from the crowd by prioritising growth, investment, and service excellence, and we're proud to say that we do it without resorting to cost-cutting or bureaucratic red tape. It's all about taking action and delivering results, not playing politics or micro-managing. At Citation, we're leaders, not empire builders, and our enthusiasm for what we do knows no bounds. This is an electrifying era to be part of our team. With a whopping 100,000+ clients across our group companies who trust and adore us, we're on a relentless quest for continuous expansion. Over the past three years alone, we've continued to acquire businesses that offer products and services our clients crave. And guess what? We're not hitting the brakes; our expansion journey charges on. We're now cruising into our third wave of private equity ownership with esteemed partners KKR and Hg Capital. And what does that mean? We're picking up speed, creating even more opportunities for personal and professional development for our incredible team members. If the thought of this gets your heart racing, you're exactly the kind of person we're seeking! Why make the move to a consultancy – don't fret, we're not looking for you to have experience in every sector, that's not possible! Working at a Health and Safety consultancy provides an enriching experience that significantly expands your expertise and knowledge, offering exposure to diverse industries and the opportunity to navigate varied

challenges, thus cultivating a well-rounded professional skill set. The Role and The Scheme that Spells Success Ready to elevate your career in Health & Safety to new heights? Join our dynamic team, where your dedication is not only recognised but handsomely rewarded with growth opportunities and unwavering support. If you're driven, passionate, and eager to make a real impact in Health & Safety, seize this chance to embark on an exhilarating journey with Citation – your future in Health & Safety begins here. Our Development Scheme, a trailblazing initiative launched in 2017, has been scouting for the future stars of Health & Safety for the past seven years. We believe in making training, studying, and full-time work not just feasible but incredibly exciting, both for you and for us. If you've taken the initiative to upskill yourself or earned qualifications, this is the golden opportunity to harness that knowledge and drive your career forward.

What You Need to Know: This is a full-time, permanent role. You'll have the privilege of learning from our seasoned consultants, honing your overall H&S expertise, and preparing for a full-time, field-based consultant role. All training and qualifications are fully funded by us, and we're experts at helping you strike the right balance between studying and working full-time (we've been perfecting it for 7 years!). Tech IOSH status is a must or at least proof that you're on the path to achieving it. We'll enhance your skills via the NVQ route while you gain hands-on experience in our field, technical, and content H&S teams. As this scheme leads to a regional role involving client site visits, a valid driving license (at least upon completing the scheme) is essential. But the journey doesn't end there! After successfully completing the program and earning your GradIOSH status, we'll continue to support you through our IPD/CPD program to achieve CMIOSH status while working as a H&S Field Consultant.

Why You Should Apply: We're on the lookout for your passion for advancing in health and safety. While technical skills matter, so does your personality. If you've hesitated to apply due to your current non-H&S specific role, think again – we welcome applicants from diverse backgrounds! Have grand ambitions beyond H&S? Fantastic! With us, continuous development is not just a promise; it's a reality, and we'd love to see you rise through the ranks, overseeing various compliance services for our cherished clients. We also open doors for you to expand your expertise in diverse areas such as fire safety, DSEAR, and monitoring for air, noise, and vibration. Your growth potential knows no bounds here.

What We Need From You: A minimum of Tech IOSH status (proof required). A genuine passion for a rewarding career in Safety. A valid driving license, location dependent. Don't wait – apply now and set off on a fulfilling journey with Citation! Your dream career in Health & Safety awaits. The Perks? Outstanding! Alongside a

competitive salary, we offer a range of enticing benefits, including:33 days of holiday (inc bank holidays)Your birthday off work to celebrate in styleExtra weeks of holiday for newlyweds to enjoy marital blissVouchers for expectant parents, showing our support for growing familiesHealthcare plan to prioritise your well-beingOur commitment to your growth goes beyond words – we provide continuous learning opportunities and a clear path for career progression, ensuring you're always moving forward.
