

Health & Safety Trainer

[Apply Now](#)

Company: CST Training

Location: England

Category: other-general

About the Role Do you want to make a difference to learners? Would you like to pass on your vast experience, knowledge & practical skills to help others improve their own skill set? *Remote Role With Travel to Various Classrooms around your location, we would welcome applicants from all parts of the UK* The role You'll be forward-thinking, diligent & enthusiastic. You'll be responsible for the delivery of (mostly) on site and (some) off-site learning programmes. You'll mostly deliver, our Site Safety Plus Courses, First Aid Courses, IOSH, as well as a range of other courses. There will be a mix of mostly in person courses however, there will also be some remote courses. What we need from you To always operate in line with CST Training values and behaviours and implement our policies and standards. We use a number of IT systems, so the role would best suit someone who's high functioning with their IT skills and comfortable adapting to new ones. Amongst other areas, you'll be responsible for delivering courses like:

- CITB related courses
- IOSH related courses
- and possibly progression to deliver Project Management related courses
- with opportunity to develop your assessing skills to be able to deliver and assess ILM Level 5 Leadership and Management related qualifications and NVQ Level 2 and above construction industry related qualifications

Essential Qualifications Needed

1. Any one of more of these qualifications:
 - NEBOSH National Certificate in Construction Safety and Health
 - NVQ/SVQ Level 3, 4, 5 or 6 in Occupational Safety and Health
 - Health and Safety degree
 - NEBOSH Diploma in Occupational Safety and Health Part 2, NEBOSH Units A, B, C and D
 - Diploma Safety Management Level 6.
2. A minimum of three years occupational experience in a construction or health & safety related management role, that you can evidence

Essential

Skills and Criteria· Excellent communication, IT and written skills· Great people skills· Superb self-management skills· Up to date CPD (min 12 months)· Solid experience and competency across several disciplines· CITB Site Safety Plus (Approved Tutor Certificate) or willing to work towards this· Adult Teaching Qualification (AET) or equivalent, or willing to work towards thisNote: This list of duties is not exhaustive and there is an expectancy to contribute towards other projects and support colleagues in line with the needs of the business.CST Training can offer you a permanent, full-time role, a benefits scheme, and a supportive workplace that's committed to your professional development.
