Heating Engineer

North London (Local Patch)

£35,000 - £50,000 (Depending on Experience) + London Weighting + Bonus + Vehicle + Pension

Are you a qualified Gas Engineer looking to take the next step in your career at a well established company?

This is an exciting company that continually promotes internal progression and further development. They have been providing the best heating solutions across the domestic and commercial markets for over 50 years. They are now on the lookout for motivated Engineers who are looking to really grow within a company and consistently provide the best service to customers.

In this role, you will be responsible for the maintenance and repair of heating systems such as boilers. All the jobs you will be undertaking are on the domestic side and require good customer service throughout. There will be opportunities to boost your income consistently based on hitting KPIs throughout the week. Depending on your experience, you could be providing support for fellow engineers and leading teams to ensure the highest quality of work.

The ideal candidate will be a qualified Gas Engineer who has there up to date qualifications.

This would include: CCN1,CPA1,CKR1,CKR1,HTR1 and CENWAT. You must have experience on repair and maintenance of heating systems, ideally on a domestic scale. There must be some flexibility with travel although lots of the projects will be within the local area.

This is an excellent opportunity to join an exciting company that offers excellent on target earnings and clear internal progression routes.

The person:

Domestic gas tickets

Experience on repair and maintenance jobs

Qualified Gas Engineer

The role:

Repair and maintenance on a domestic scale

Excellent customer service

Appetite to hit targets and boost your income
