Location: United Kingdom

Category: transportation-and-material-moving

About the role

The Role

Our team is the best in the industry – is it time for you to join us?

The Role:

Our nationwide Plant and Tool division hires a range of equipment including diggers, dumpers and small power tools to companies within the construction, utilities and infrastructure sectors.

The Regional HGV Driver is responsible for transporting our plant and equipment quickly and efficiently around their assigned region. Based out of a home depot you will travel throughout the region covering for sickness and holidays, or where additional resource is required. You will also be responsible for training existing HGV Drivers on safe loading and unloading of vehicles – training will be provided by RoSPA and you will receive an NPORS qualification in loading and unloading

As the role provides support across a region you will be provided with a company vehicle and fuel card and will be required to stay away from home if covering in remote areas.

About You
