Category: construction-and-extraction

Our Client: Our Client is the leading provider of employer-focused immigration services in New Zealand. Our immigration team is the largest and most experienced in New Zealand, providing employers with Immigration Strategy and visa advice for their employees. Tasks include (but is not limited to): Excavator Operators are responsible for operating heavy machinery (including backhoes, bulldozers, rollers, and graders) to dig, transfer and load soil, rock, debris and rubble from one place to another. Maintain equipment in a condition that does not compromise safety. Follow all Health and Safety and compliance procedures and report accordingly. Choosing, fixing, and removing attachments including buckets, scoops, blades, and rock breaking hammers so as to excavate, move and load earth, rubble, dirt and other materials. Safely operating machinery by adjusting manual and hydraulic controls to regulate force, pace, and flow. Consulting and working with other construction, building and industry professionals to successfully complete a job. Requirements About you: Must have worked in different street environments not just bulk earthworks. Must have experience of digging up footpaths avoiding cables. Overseas experience Proven experience and understanding of Health and Safety and the hazards of operating on construction sites A good level of physical fitness due to the physical nature of the role Able to pass a Drug test. A solution-focused attitude, with strong forward planning and adaptability. Must have a good level of spoken and written English. Have good customer relations skills, remaining calm and controlled even when the pressure is on. Please Note: Excavator operators have a work to residence pathway. Benefits Good Salary Immigration support Any Diploma/ Degree/ ITI
