

Immobilisation Plant Manager

[Apply Now](#)

Company: Paisley Site Services

Location: Stoke-on-Trent

Category: other-general

Our client is an award winning waste recycling, hazardous waste management and industrial cleaning company that deliver total waste management solutions and environmental services to customers nationwide.

This is a hands-on-role which will bring value to the business by managing all the activities of the immobilisation plant department, achieving KPI targets, selecting and batching of appropriate waste. Ensuring dispatched waste from the plant is done in a safe and compliant manner giving full traceability and increasing profitability. Liaising with suppliers so transport is maximised, and downtime caused by maintenance is minimal.

To qualify, you will management experience, possess a HNC or Degree Level Qualification in Chemistry or a similar related field. Experience of working in the hazardous waste sector is desirable, SAP experience is desirable as well a Counterbalance FLT license is also desirable, but training can be given. You will be a Natural leader of people and processes with the ability to influence and motivate others. You will communicate well at all levels including executive level, verbally and written. Makes decisions based on data, information and evidence and can drive team performance and improve functional knowledge of the team through coaching and sharing knowledge/skills and experiences.
