## Industrial Field Service Engineer

**Salary: £30,000 - £40,000 + Door to Door + Training + Progression + Local Patch + Company Van.**

**Location: Harlow (Commutable from: Epping, Hoddesdon, Broxbourne, Cheshunt, Waltham Abbey Bishop's Stortford, Chelmsford, Brentwood, North Weald Basset, Hertford, Ware, Welwyn Garden City).**

Are you a Field Service Engineer with experience working on Motors and Pumps looking for the opportunity to develop your skillsets and an excellent package.

On offer is this Field Service role covering a local patch for a company who will be providing internal and external training to help you progress technically within the business.

This is a closely knit team of engineers who possess a great work place culture and a good reputation for retaining their staff. They are looking for a Field Service Engineer due to increase in business.

On offer is this Field Service Role with door to door to pay and plenty of progression opportunities where you will get the chance to work with a range of equipment for the companies high value clients.

This role would suit a Field Service Engineer with Mechanical experience and Electrical knowledge looking to widen their skillsets and cover a local patch.

**The Role:**

Working on a range of equipment (Pumps, Motors, Gearboxes).

Field based (Local patch).

Internal and External training.

**The candidate:**

Mechanical experience with Electrical knowledge.

Pumps/Motors experience.

Looking for additional overtime and training.
