Company: ISR Recruitment

Location: United Kingdom

Category: other-general

IT Field Engineer M4 Corridor (90% out on the road client sites between Bristol and Reading) £25,000 per year Company Vehicle + Bonuses 25 days holiday plus bank holidays, Pension, Life Insurance etc. The Opportunity: My client are currently seeking an IT Field Service Engineer to join their dynamic team – although this is a technology focused role, it would suit someone who has done previous shop fit-outs, office installations, etc. as there will be some manual labour involved on some projects. In this role, you will be responsible for travelling along the M4 Corridor to install enclosures and networking/Wi-Fi equipment for their clients and there will be opportunities to carry-out IT equipment replacements, decommissioning of set-ups and deploying equipment to meet customer requirements on a per project basis. NB: This role is physically demanding and will involve significant time spent away from home due to travel requirements. Applications: To learn more about our client and this great opportunity on offer working as a IT Field Engineer working across the M4 corridor between Bristol and Reading; please call and speak with John Noonan here at ISR Recruitment on 07719 919 860 or please email me a copy of your very latest CV and/or online business profile for a call back to discuss the role and our client in more detail. Please call John Noonan here at ISR Recruitment on 07719 919 860 to learn more??
