Company: Pave Recruit

Location: London Area

Category: other-general

The company This company is a multidisciplinary engineering and environmental consultancy based in the UK. Offering a wide range of services, including but not limited to renewable energy, geotechnical, civil, and structural engineering, and environmental impact assessments, their team of experienced professionals provide expertise on a number of projects across the UK, Europe, and internationally. With a strong focus on sustainability and modern technologies and techniques, they always seek to deliver high quality projects in an environmentally friendly manner.

The role We are seeking an experienced Infrastructure Asset Engineer to join the Infrastructure team working within the Highway Asset Management Field. You will be play a vital role in supporting public sector clients to ensure the maintenance of after built infrastructure. In short you will Continuous support to local authorities to meet stakeholder satisfaction. Contributing to carbon baselines and recommend and implement reduction strategies. Oversee and support the management and execution of projects. Supporting long-term asset management plans for highway infrastructure, considering factors such as asset condition, performance, and projected service life. Identifying risks to highway infrastructure assets and developing risk mitigation strategies and contingency plans to minimize the impact of potential asset failures or disruptions.

About you As Infrastructure Asset Engineer you will work in an energetic environment and support the infrastructure team. This role requires strong leadership skills, a deep understanding of highways management, and a commitment to delivering exceptional results. The ideal candidate will be able to demonstrate Civil Engineering degree or equivalent. Strong data analytic skills and knowledge especially utilising Excel and GIS. Previous experience in

highway maintenance and familiarity with performance and management practices. Flair for innovation and thinking differently. Excellent communicator and engages regularly with stakeholders. Why apply? They have proudly announced they are a gender balanced team. A funded professional institution membership and professional development. Working from a newly refurbished office in Central Richmond for days you head into the office. A growing international and welcoming team. A diverse management structure, with an open and honest working environment. If this sounds like your next role, get in touch with the Pave team today to find out more or apply now!
